

# Reversing VX120S-WD

**ECE certified (ECE R23)**  
No registration in the car documents required

**45° beam angle**  
Widely spread light beam

**Up to 36 m long light beam**  
See and be seen with OSRAM

**on-road & off-road**  
- Versatile applicable and flexible in use- On-road & off-road, at work and in the spare time

## Product datasheet

### Bringing light to life with OSRAM LEDriving driving and working lights

Considerable foresight on dark country roads, forest paths off-road and on-road- this can be achieved with the OSRAM LEDriving Reversing VX120S-WD reversing lights. With its 13 powerful, high-performance LEDs, the LED reversing light has a range of up to 36 meters and thus offers the driver impressive foresight on-road and off-road. Even in dim light and reduced visibility due to external environmental influences, the OSRAM LEDriving Reversing VX120S-WD reversing light with up to 6000 Kelvin can provide conditions similar to daylight. The powerpackage with up to 1100 lumens of luminosity scores with highest optical efficiency and homogeneous light distribution. This results in the possibility of an improved view for you and the improved visibility of your vehicle by other road users, and consequently also increased safety on-road and off-road. Whether on-road or off-road - the OSRAM LEDriving Reversing VX120S-WD reversing light impresses with its powerful performance and long service life. Versatile applicable, it defies numerous environmental influences and, thanks to high-quality materials such as the thermoplastic housing and the stable polycarbonate lens, it is particularly light and at the same time robust and resistant. The LEDdriving VX120S-WD reversing light has been tested and validated with the IP-Protection Class IP69K in our DIN certified environmental simulation laboratory for extreme external influences regarding water, dust, impacts, heat, cold and permanent vibration. The integrated driver and the thermal management system regulate the temperature of the LED reversing light and can thus prevent damage from overheating. The polarity protection inhibits the wrong polarity of the voltage supply and can thus prevent possible damage by automatically switching off the LEDs. On-road and off-road, the OSRAM LEDriving Reversing VX120S-WD reversing light is an effective addition to your vehicle. No registration or entry in the vehicle documents is necessary for these ECE-certified LED reversing lights. The LED reversing light can be attached to cars, trucks, agricultural machinery, farm machinery, commercial vehicles, construction vehicles, caravans, off-road vehicles and quads. The OSRAM LEDriving Reversing VX120S-WD reversing lights are versatile applicable and flexible in use.

## Product datasheet

### Technical data

#### Product information

Order reference	LEDDL109-WD
Application (Category and Product specific)	Additional reversing light

#### Electrical data

Nominal voltage	12/24 V
Nominal wattage	15.00 W
Test voltage	13.2 V

#### Photometrical data

Luminous flux	1100 lm
Color temperature	2700 K

#### Dimensions & weight

Product weight	400.00 g
Length	0.0 mm

#### Lifespan

Lifespan Tc	5000 h
Guarantee	5 years

## Product datasheet

### Additional product data

---

---

Luminous intensity distribution

---

Connector to lamp	DT Connector
-------------------	--------------

### Capabilities

---

Technology	LED
------------	-----

### Certificates & standards

---

Standards	ECE R10, R23
-----------	--------------

---

Approval marks – approval	E9 approval
---------------------------	-------------

---

Type of protection	IP69K
--------------------	-------

### Country specific categorizations

---

Order reference	LEDDL109-WD
-----------------	-------------

### Logistical data

---

Commodity code	851220009000
