

TECHNICAL DATA / FEATURES

- dimensions: $\phi 161 \times 100$
- light functions: fog light, driving
- function markings: B, HR
- reference mark: -, 17.5
- source of light: H3
- maximum power: 70W
- nominal voltage: 12V-24V DC
- optics: standard
- IP rating: IP54
- housing's material: metal
- housing's colour: black, metal
- lens' material: glass
- lens' colour: clear
- mounting: shank, M10
- built-in connectors: -

ADDITIONAL INFORMATION

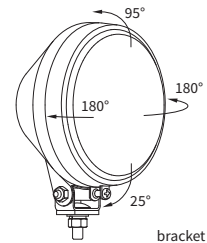

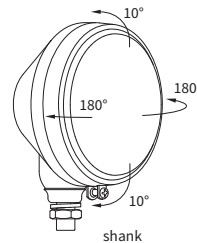

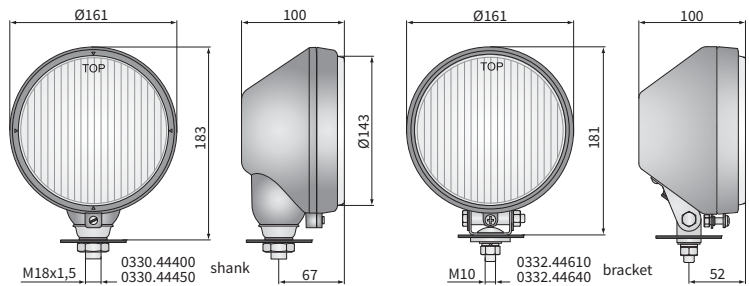

To be mounted at the front of the car or truck. Lamp versions with a bracket can be installed on a vehicle in an upright or upside-down position but with a shank in an upright position only.

Headlamp should be attached to the vehicle using a galvanized steel sleeve of 18 mm diameter (included with a lamp - version with stem).

The wire passes through the axis of the mounting screw (applies to the version with stem).

It is possible to install needed connectors on wire (on request).
